The 2027 Calendar Book

The Set-apart Appointed Meeting Times Of YAHUAH And YAHUSHA

As Revealed By The Hebrew Prophets Of The Set-apart Scripture

By Taiwo Stephenson

Acknowledgement

May Father YAHUAH, Creator of heaven and earth, and His only brought-forth Son, YAHUSHA Ha'Mashiach, be forever mightily praised! I am also very grateful for tools YAHUAH has provided that I have purchased or accessed online. These tools include: Young's Analytical Concordance, The Scriptures by Institute for Scripture Research, E-Sword LT, https://www.calendar-365.com/moon/moon-calendar.html, https://www.calendar-12.com/moon_phases/2027, and https://www.timeanddate.com/eclipse/list.html. YAHUAH is the family Name of the One and Only Eternal Almighty Father-Creator presented in the Set-apart Scripture. Father YAHUAH has given His Name to His Son and has placed His Name upon His chosen people and upon all people who are willing to walk in belief-obedience to His Word of Truth in the Set-apart Scripture, Genesis to Revelation. YAHUSHA, which literally means, YAHUAH'S deliverance, is the Name YAHUAH gave to His only brought-forth Son when YAHUAH sent His Son into the world as a man/descendant of Adam. Prior to coming into the world as a man, the Son of YAHUAH labored on YAHUAH'S behalf for mankind and was known in the Set-apart Scripture as YAHUAH, Alahym Almighty, Messenger of YAHUAH, etc. In the prophecies of the Hebrew prophets the Son of YAHUAH was identified by many terms and symbols of which a few are as follows: Seed of the woman, High Priest, Atonement, Cloud by day, Pillar of fire by night, Chief Prince, Alahym, Master, Sovereign, Branch, Root and offspring of David, Bright and morning Star, Lamb of YAHUAH, YAHUAH'S Passover, the Blood of the Lamb, Spirit of Truth, Helper, Set-apart Spirit, Redeemer, Maker, Husband, Saviour, Sun of righteousness, and the Word of YAHUAH. Father YAHUAH invested His Son with all authority and power to open the eyes of mankind, to turn them from darkness to light and from the authority of Satan to the authority of YAHUAH Alahym, in order for them to receive forgiveness of sins and an inheritance in the kingdom of Abba YAHUAH and YAHUSHA Messiah among all those who are set-apart. YAHUSHA, the only brought-forth Son of the infinite Father YAHUAH, since the time of Adam, has always executed the desire and will of His Father YAHUAH to lead, guide, instruct, discipline, chastise, bring to repentance, direct and redeem mankind from the consequences of sin and eternal death, by calling mankind to exercising belief-obedience in the Everlasting Good News of Abba YAHUAH and YAHUSHA Messiah presented in the Set-apart Scripture. Therefore, all people who repent by turning away from the sins of the world and turn back to YAHUAH through belief-filled obedience to YAHUAH'S Word in the Set-apart Scripture, and choose to accept and believe in the Gift of YAHUAH'S deliverance through YAHUSHA Messiah as mankind's only complete atonement for their sins, will receive forgiveness of sins and inheritance to life-eternal and acceptance into the everlasting kingdom of YAHUAH and YAHUSHA.

"Alahym" is the title YAHUAH used to refer to Himself as the Almighty Powerful One. In Genesis 1:1 the Hebrew word ***Alahym*** is used and depending on the context can mean: Mightiest One, Mighty One or mighty ones. The word ***god*** is a pagan name and title used by many translators in place of the appropriate title, ***alahym***. Therefore, the proper title, ***Alahym***, will be used when referring to YAHUAH.

Rationale for The 2027 Calendar Book

Part 1: YAHUAH Alahym has called us with His great love to be set-apart

For Alahym so loved the world that He gave His only brought-forth Son, so that everyone who believes in Him should not perish but possess everlasting life. For Alahym did not send His Son into the world to judge the world, but that the world through Him might be saved. John 3:16-17.

The first purpose for creating **The 2027 Calendar Book** is to support those who are seeking to acknowledge and respect Creator-YAHUAH'S timekeeping system and honor Him through belief-obedience by observing His appointed meeting times. These appointed meeting times are brought to light by YAHUAH'S Word of Truth in the Set-apart Scripture, Genesis through Revelation. It is also my purpose to call all people in all nations to fully embrace the Everlasting Good News of YAHUSHA, as presented in the Set-apart Scripture, and return to belief-obedience to YAHUAH'S Word, and receive forgiveness of their sins and the gift of everlasting life. What an amazing gift YAHUAH is offering to mankind! Through the Everlasting Good News of YAHUSHA Messiah, YAHUAH is calling mankind everywhere to exercise loving kindness mercy and forgiveness toward one another. The Everlasting Good News also instructs all people to call on the Name of the Father, YAHUAH, and the Name YAHUSHA, the only begotten Son of YAHUAH, and Captain and Leader of all who are seeking YAHUAH in sincerity and truth. The Everlasting Good News of YAHUSHA is essentially a set of instructions from Abba YAHUAH to the set-apart Hebrew prophets from the twelve tribes of Yasharal, and preserved in the Set-apart Scripture for the deliverance of mankind into life everlasting for those who obey YAHUAH'S instructions. As YAHUAH empowers all with His Own breath of life, He is seeing who will truly and freely follow Him. YAHUSHA Messiah said *"If you love Me, you shall guard My commands." John 14:15*. The choice is ours!

"Set them apart in Your truth – Your Word is truth." John 17:17

It is my firm conviction that YAHUSHA Messiah meant every word in the statements above. The Everlasting Good News of YAHUSHA Messiah calls all people in every nation to belief-obedience to the Set-apart Scripture, which was written by the prophets of Yasharal. All who embrace YAHUAH'S Word are setting themselves apart by belief-obedience to the Father's Word of Truth. YAHUAH identifies His people by those who obey His Word of instructions. Sincere belief-filled obedience to the truth of YAHUAH'S Set-apart Word, through the power of YAHUAH'S Set-apart Spirit, establishes a relationship between us and our Maker that is needful to attain righteousness and enter His everlasting kingdom, which YAHUAH has promised to all who love and obey Him. Mankind has fallen into a deep ditch of moral corruption, tradition and injustice, and is in dire need of reformation and transformation. YAHUSHA Messiah knows that His Father's Word is powerful, convicting, reforming, transformative, forgiving, enlightening, and inspires true love and respect for the Creator and for one another. For this reason, YAHUSHA Messiah's Everlasting Good News calls all mankind to obey and regard His Father's Word.

The 2027 Calendar Book is a tool that serves to assist kingdom-bound believers seeking to be set-apart from the sins of this world by belief-filled obedience to the Father's Word of truth. YAHUAH has given us His Word in statutes, judgments, commands and instructions of the set-apart Hebrew prophets. The Creator's instructions regarding His appointed times presented in the Set-apart Scripture, are just a portion of the Father's truth that sets us apart. It is my objective through **The 2027 Calendar Book** to call the world to heed the Everlasting Good News of YAHUSHA Messiah and live a life within the boundaries set by the Creator given in the Set-apart Scripture.

And you, speak to the children of Yasharal, saying, My Sabbaths you are to guard, by all means, for it is a sign between Me and you throughout your generations, to know that I, YAHUAH, am setting you apart. Exodus 31:13

And by this we know that we know Him, if we guard His commands. The one who says, "I know Him," and does not guard His commands, is a liar, and the truth is not in him. But whoever guards His Word, truly the love of Alahym has been perfected in him. By this we know that we are in Him. 1 John 2:3-5

Part 2: YAHUAH is faithful

And Alahym said, Let lights come to be in the expanse of the heavens to separate the day from the night, and let them be for signs and appointed times, and for days and years, and let them be for lights in the expanse of the heavens to give light on the earth. And it came to be so. And Alahym made two great lights: the greater light to rule the day, and the lesser light to rule the night, and the stars. Genesis 1:14-16

The Hebrew word ***moed***, in verse 14 is translated to appointed times. According to the great prophet Mosheh, the Creator's timekeeping system was inaugurated at creation and was reintroduced to the people of Yasharal just before they departed Mitsrayim (aka Egypt). Therefore, according to the Torah of the Set-apart Scripture, every day and all days, including all working days, Sabbath days, and all appointed Festivals of YAHUAH, are governed and tracked through the use of the greater light and the lesser light: the sun and the moon.

And YAHUAH spoke to Mosheh and unto Aharon, in the land of Mitsrayim, saying, This new moon is the beginning of new moons for you, it is the first new moon of the year for you. Exodus 12:1,2

According to the Word of YAHUAH to Mosheh, as found in the Torah, every day of our lives is part of a group of days for a given moon cycle or month. YAHUAH also instructs Mosheh that the first new moon is just one in a series of new moons that make up a complete calendar year. YAHUAH has also ordained that each year is to be marked by seasonal changes in the atmosphere.

As long as the earth remains, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease. Genesis 8:22

Another objective for **The 2027 Calendar Book** is to reintroduce the three different types of days in each new moon cycle, given by YAHUAH-Creator for all mankind as presented in the Scripture. A new moon cycle is also known as a month. The set-apart prophet Mosheh addresses all three categories of days in many of passages of Torah. See the list below:

New Moon: translated to Month from the Hebrew word Chodesh

1. Genesis 7:11
2. Genesis 8:4-5
3. Exodus 12:2
4. Exodus 13:4
5. Exodus 34:18
6. Leviticus 16:29
7. Leviticus 23:24
8. Numbers 1:1
9. Numbers 10:2, 10
10. Deuteronomy 1:3

Six Working Days & 7th Day Sabbath: The 7th Day Sabbath is always the day after the 6th working day

1. Exodus 20:11
2. Exodus 23:12
3. Exodus 31:5
4. Exodus 34:21
5. Exodus 35:2

The Creator gave Mosheh and the prophets of Yasharal a clear understanding how to communicate the **New Moon**, the **Six Working Days**, and the **Seventh-day Sabbaths**. YAHUAH-Alahym further reiterated these different types of days succinctly to the prophet Ezekiel in the statement below:

> *Thus said the Master YAHUAH, The gate of the inner courtyard facing east is shut the **six days of work**, but on **the Sabbath** it is opened, and on the **Day of the New Moon** it is opened. Ezekiel 46:1*

Therefore, there are fundamentally three different types of days in any given moon cycle, namely:

1. **New Moon Day: 1st Calendar Day of the moon cycle/month - One New Moon Day for all the world per moon-cycle**
2. **Six working days: Four sets of six working days per moon-cycle**
3. **Seventh day Sabbath: Four seventh day Sabbaths per moon-cycle**

In every new moon cycle, there is only one New Moon Day. Essentially, New Moon Day is always that first calendar day of the month, starting at dawn, that the entire world is able to **experience together**, that is on the same calendar day, a dawning new day after new light begins to shine forth from the moon. Saturday January 9, 2027 falls on the 11th New Moon Day of the year. Therefore, the next four Saturdays following 1/9/2027 will fall on YAHUAH'S 7th day Sabbaths. 1/9/2027 marks the first calendar day of the month that all nations upon the face of the earth are able to start a dawning day ***together, that is on the same calendar day, after*** new light begins shining from the moon. Therefore, 1/9/2027 marks the start of the moon's 11th repeating and periodic cycle for the year. See the calendar portion of **The 2027 Calendar Book** below. YAHUAH is truly amazing! Praise YAHUAH! YAHUAH has not left mankind without faithful witnesses in the heavens that perfectly harmonize with His Word of Truth!

New Moon Day is always the first day of the month and is a day of worship and not a day of buying, selling, and contracting goods and services. Regarding the purpose of New Moon Day, the Word of YAHUAH to the prophet Ezekiel says:

> *Likewise the people of the land **shall worship** at the door of this gate before YAHUAH in **the sabbaths** and in **new moons**. Ezekiel 46:3*

In every moon cycle there are four sets of **Six working-days**. The first set of the Six working-days begins on the second day of the month, which is the day after New Moon Day. Each set of Six working-days is always followed by the **Seventh day Sabbath**, which is a Set-apart day of rest: the Sabbath YAHUAH, a day of rest for all mankind from the labors of the past six days.

> *Six days shall work be done, but on the seventh day there shall be to you a Set Apart day, a Sabbath of rest to YAHUAH: Exodus 35:2*

Furthermore, YAHUSHA Messiah said:

> *Do not think that I came to destroy the Torah or the Prophets. I did not come to destroy but to complete. For truly, I say to you, till the heaven and the earth pass away, one yod or one tittle shall by no means pass from the Torah till all be done. Whoever, then, breaks one of the least of these commands, and teaches men so, shall be called least in the reign of the heavens; but whoever does and teaches them, he shall be called great in the reign of the heavens. Matthew 5:17-19*

> *Therefore, the Son of man is Master also of the Sabbath. Mark 2:28*

Characteristics Of The Moon

Once again YAHUAH has placed on worldwide exhibition His infinite power and most amazing engineering Genius. The Set-apart Scripture tells us that the moon, specifically, was created and ordained for YAHUAH'S appointed times (See Psalm 104:19). The appointed times of YAHUAH include New Moon Day, The 7th day Sabbath, and the annual festivals: Passover, Feast of Unleavened Bread, Feast of Weeks, Feast of Trumpets, Day of Atonement and The Feast of Tabernacles. As the Scripture plainly instructs in Genesis 1:14 and Psalm 104:19, all days and appointed times of Creator-YAHUAH, are accounted for by the use of the moon. How are all days accounted for by using the moon?

The moon is perhaps the most unique light in the heavens created by YAHUAH. Some have promoted the idea that the moon is just reflecting the light of the sun. This idea has been proven to be false. The radiant light from the sun causes the environment to heat up. If the moon was reflecting the light-energy of the sun, then the radiant light from the moon would also cause the environment to heat up. However, what has been repeatedly observed and demonstrated is the radiant light of the moon causes the environment to cool down. Therefore, moonlight is a separate and distinct light from the light of the sun as the Scripture states.

> *And Alahym made two great lights: the greater light to rule the day, and the lesser light to rule the night, and the stars. Genesis 1:16*

In addition, the moon is the only light in the firmament of heaven that periodically and dramatically changes its visual appearance on a daily basis. The moon appears to go completely dark then after its complete dark phase the moon begins to shine new light. Every day after new light begins to shine from the moon, the light from the moon grows in size to the full moon phase, which occurs at the middle of every moon-cycle/month. After full moon the moonlight reduces in size until there is no visible light shining from the moon: this ends the moon's cycle. After the end of the moon cycle new light begins to shine again and the moon cycle starts all over. The duration of a moon cycle is either 29 or 30 days long. New Moon Day arrives as the first calendar day that the entire world is able to experience a dawning day, ***together, that is on the same calendar day, after*** new light begins to shine forth from the moon.

To reason that any timekeeping system is good enough, is tantamount to destroying the Torah and the Prophets. In order for YAHUSHA to say that He is Master of the Sabbath, requires His great respect for His Father YAHUAH'S appointed times and for the timekeeping system ordained by YAHUAH! It is my observation that the call to heed the Everlasting Good News from YAHUSHA Messiah, and all the Hebrew prophets of the Set-apart Scripture, involves honoring the Creator, YAHUAH, by obeying His commands. For YAHUSHA Messiah stated:

> *If you love Me, you shall guard My commands. John 14:15*

The set-apart prophet Malachi was shown in vision the final generation and the great day of YAHUAH, when the wicked and proud would be destroyed from the face of the earth. The Word of YAHUAH to the prophet Malachi to tell his people was a warning message and instruction for all people. These instructions can be found in chapter four of Malachi. Notice what the Word of YAHUAH told the prophet to tell the people.

> *Remember the Torah of Mosheh, My servant, which I commanded him in Ḥoreb for all Yasharal – laws and right-rulings. Malachi 4:4*

All of YAHUAH's appointed meeting times fall into the category of laws given by YAHUAH for the good benefit of all people of the world. It is also my observation that the peoples of the world are sorely afflicted with misery upon misery. Why? Because so many have abandoned, forgotten, and forsaken the instructional-boundaries YAHUAH gave in His Word. These boundaries are presented in the laws and right-rulings recorded in the writings of the Hebrew prophets of the Set-apart Scripture. The Scripture below describes the condition of the earth during the final generation:

The earth shall mourn and wither, the world shall languish and wither, the haughty people of the earth shall languish. For the earth has been defiled under its inhabitants, because they have transgressed the Torah changed the law, broken the everlasting covenant. Therefore a curse shall consume the earth, and those who dwell in it be punished. Therefore the inhabitants of the earth shall be burned, and few men shall be left. Isaiah 24:4-6

Let us repent from our sinful ways and YAHUAH will forgive us. YAHUAH will also give us a loving, respectful, and caring heart toward one another. He will also heal our land and our people when we turn to Him in sincere-obedience.

Part 3: Solar And Lunar Eclipses Declare The True Sabbaths And Feast Days Of YAHUAH As Presented In The Set-apart Scripture

In April 2024 I made an amazing discovery that confirms YAHUAH, Creator of heaven and earth, as the One who inspired the Hebrew prophets of the Set-apart Scripture. Psalms 19 verses 1-6 says:

> *The heavens are proclaiming the esteem of Alahym; And the expanse [firmament] is declaring the work of His hand. Day to day pours forth speech, And night to night reveals knowledge. There is no speech, and there are no words, Their voice is not heard. Their line has gone out through all the earth, And their words to the end of the world. In them He set up a tent for the sun, And it is like a bridegroom coming out of his room, It rejoices like a strong man to run the path. Its rising is from one end of the heavens, And its circuit to the other end; And naught is hidden from its heat.*

In the passage of Scripture above, the Word of YAHUAH reveals that the firmament or expanse, where YAHUAH physically placed the lights of heaven, namely, the sun moon and stars, proclaim His esteem. It is also evident from this Scripture that every day and night, these heavenly lights are pouring out messages of the knowledge of YAHUAH to all the inhabitants of the earth and no one is hidden from their influence. It is through the lights of the heavens that YAHUAH chooses to reveal a most amazing element of His authority power strength wisdom and beauty. Prior to April 2024, the solar and lunar eclipses were phenomenon that amazed me, but I could not clearly see their purpose. After noticing that the famous solar eclipse in the United States of America of April 8, 2024 fell on the fourth and final 7th Day Sabbath of the first New Moon cycle, I began to wonder: 'Was this a coincidence or is there a pattern hidden to my understanding.' After comparing ten years of solar and lunar eclipses to the Sabbaths and Feast Days of YAHUAH, I discovered an unprecedented super-accurate and super-precise correlation between the solar and lunar eclipses and YAHUAH'S 7th day Sabbaths and Feast Days, established in YAHUAH'S instructions in the Set-apart Scripture.

YAHUAH'S True Sabbaths Feast Days And Appointed Times Revealed By Solar And Lunar Eclipses

Full Twelve Years Of Solar And Lunar Eclipses Validate Confirm And Declare The Truth Of YAHUAH'S Timekeeping System Presented In The Set-apart Scripture

The Set-apart Scripture - YAHUAH'S Worldwide Standard For Timekeeping

By Brother Taiwo People Of YAHUAH'S Word Assembly

https://m.youtube.com/@peopleofyahuahsword144

ACCORDING TO THE TIMEKEEPING SYSTEM OF THE TORAH AND PROPHETS PRESENTED IN THE SET-APART SCRIPTURE, ORDAINED AND PRESERVED BY CREATOR-YAHUAH, A TRULY AMAZING AND REMARKABLE CONSISTENT FEATURE EXIST IN THE CALENDAR OF THE SET-APART SCRIPTURE!!

100% of solar eclipses from 2016 to 2027 fall on the 4th Sabbath/Shabat of the month which is always the 7th day of the week and always the 29th day of the moon cycle!

100% of lunar eclipses from 2016 to 2027 fall on either the 2nd Sabbath/Shabat of the month or on Preparation Day for the 2nd Sabbath/Shabat of the moon cycle!

THE GREGORIAN CALENDAR FEATURES ABSOLUTELY NO CONSISTENCY!

8/17/2027	2nd Sab of 6th Moon	15th day of 6th Moon

Truly AMAZING!! Almost unbelievable!! Clearly YAHUAH'S hand is in this! It is now perfectly clear that the One Who inspired the Hebrew prophets is the exact same One Who engineered, designed, and ordained the flawless movements of the sun moon and stars. This perfect harmony between YAHUAH'S solar and lunar eclipses, and YAHUAH'S 7th Day Sabbaths and Feast Days according to the Set-apart Scripture is undeniable evidence that the Almighty YAHUAH Alahym is the Engineer and Designer of the solar and lunar eclipses and the Sole-Inspirer of the Hebrew prophets who wrote the Set-apart Scripture. Praise YAHUAH and YAHUSHA forever!

In order to appreciate the significance of this discovery we must approach the Scripture in the same manner as YAHUSHA Messiah: we must establish our understanding of what is required of us from every Word of YAHUAH. See Matthew 4:4; Deuteronomy 8:1-3; Proverbs 30:5-6; Revelation 22:18-19. The Set-apart Scripture speaks of only one 7th day Sabbath and only one New Moon Day. See Exodus 20:8 and Ezekiel 46:1. Both the 7th Day Sabbath and New Moon Day are days of worship and not working days. The first set of Six Working Days always begins with the 2nd day of the new moon cycle, also known as the 2nd day of the month. Therefore, once New Moon Day is located the series of days according to Scripture will follow as illustrated below. Rember, YAHUAH has made the moon to have either a 29-day or 30-day cycle. The moon cycle is never any other length of days, such as 28 or 31 days.

29-Day Moon Cycle

						New Moon Day 1st day of Moon cycle
1st Week 1st Work-day 2nd day of the Moon cycle	**1st Week 2nd Work-day 3rd day of the Moon cycle**	**1st Week 3rd Work-day 4th day of the Moon cycle**	**1st Week 4th Work-day 5th day of the Moon cycle**	**1st Week 5th Work-day 6th day of the Moon cycle**	**1st Week 6th Work-day 7th day of the Moon cycle**	**1st 7th Day Sabbath 8th day of Moon cycle**
2nd Week 1st Work-day 9th day of the Moon cycle	**2nd Week 2nd Work-day 10th day of the Moon cycle**	**2nd Week 3rd Work-day 11th day of the Moon cycle**	**2nd Week 4th Work-day 12th day of the Moon cycle**	**2nd Week 5th Work-day 13th day of the Moon cycle**	**2nd Week 6th Work-day 14th day of the Moon cycle**	**2nd 7th Day Sabbath 15th day of Moon cycle**

If Tuesday falls on New Moon Day in a 30-day moon cycle, then the next four Tuesdays following New Moon Day will fall on the 7th Day Sabbaths. The Wednesday following the fourth 7th Day Sabbath, will be the 30th and last day of the moon cycle. The 30th day of any moon cycle is not a day of worship or a Set-apart day to YAHUAH. The very next day after the 30th day will be the next New Moon Day of the year.

CALENDAR LEGEND

1. NMD M1 = New Moon Day for 1st Moon cycle of the year

You will notice that the **NMD** is not the same as the astronomical new moon day, featured on many calendars. Astronomical new moon day is also called lunar conjunction. At the time of lunar conjunction the light from the lunar disk goes completely dark. Therefore, to be in harmony with Scripture, New Moon Day is (new moon = new light) one calendar day for all the world starting at dawn. New Moon Day is always that first calendar day of the month, starting at dawn, that the entire world is able to **experience together**, that is on the same calendar day, a dawning new day after new light begins to shine forth from the moon. Saturday January 9, 2027 falls on the **11th New Moon Day** of the year. Therefore, the next four Saturdays following 1/9/2027 will fall on YAHUAH'S 7th day Sabbaths. 1/9/2027 marks the **first calendar day of the 11th month that all nations upon the face of the earth are able to start their dawning day *together, that is on the same calendar day, after new light begins shining from the moon***. Therefore, 1/9/2027 marks the start of the moon's repeating and periodic cycle for the 11th month of the year. YAHUAH is truly amazing! Praise YAHUAH! YAHUAH has not left mankind without faithful witnesses in the heavens that perfectly harmonize with His Word of Truth! New Moon Day is always the first day of the month and is a day of worship and not a day of buying, selling or contracting goods and services.

2. wd1, wd2, wd3,.....= Working day one, Working day two, Working day three etc.

The date set by the Creator for the six working days can be determined by extension. Seeing that these days are not **New Moon Days and neither are they 7th Day Sabbaths,** that leaves the first set of six working days to fit neatly between **NMD** and the first 7th Day Sabbath. The second set of six working days falls between the first 7th Day Sabbath and the second 7th Day Sabbath. The third set of six working days falls neatly between the second 7th Day Sabbath and the third 7th Day Sabbath. And the fourth set of six working days falls right between the third 7th Day Sabbath and the fourth 7th Day Sabbath. The phrase ***"first day of the week"*** is recorded several times by the New Testament Scripture writers. This phrase is found in Matthew 28:1. The phrase "first day of the week" literally means: the first day between the Sabbaths. Therefore, the working days of the moon cycle are anchored either immediately behind a Sabbath day or literally between two Sabbath days. I have placed on the calendar the six working days of each moon cycle. A week is made up of the six working days plus the seventh day Sabbath. If Sunday falls on **wd1** for the first week of the month, then the next three Sundays will fall on **wd1** for the second, third and fourth weeks of that month.

3. SAB 1, SAB 2...= First 7th Day Sabbath/Shabat of the month, Second 7th Day Sabbath/Shabat of the month...etc.

The Set-apart Scripture clearly identifies the Sabbath as ordained by and belonging to YAHUAH. See Exodus 31:13 and Ezekiel 20:12. The date set by the Creator for the 7th Day Sabbaths are always the seventh day from the start of the six working days. See Exodus 20:8-10; Leviticus 23:2-3. These Sabbaths are seventh day Sabbaths. They are appointed meeting times and set apart convocations or gathering together of assemblies. If Monday falls on **NMD** then the next four Mondays will fall on YAHUAH'S 7th Day Sabbaths.

4. 30th day of month = The last day of a 30-day moon cycle

The **30th day of month** is always the last day of a 30-day moon cycle. A moon cycle, also known as a lunation, is always either 29 days or 30 days in duration. Approximately half the months of the year are 30-day moon cycles. The **30th day of month** is not a set-apart day to YAHUAH, therefore it is treated as a regular working day. The **30th day of month** is also always the day before **New Moon Day**. For the 2027 calendar there are noted six **30th day of month** occurrences. **The 2027 Calendar Book** shows the following Gregorian calendar dates falling on the **30th day of month**: **1/8/2027**, **3/8/2027**, **4/7/2027**, **6/5/2027**, **9/1/2027**, **12/28/2027**.

5. PESA aka Passover = the fourteenth day of the first month of the year See Leviticus 23:5
The date set by the Creator for the **Pesa** is the fourteenth day of the first moon cycle at evening. The first moon cycle of the year is named Abib. See Exodus 13:4. **Pesa** always falls upon the sixth working day, **wd6**, of the second week of the 1st month and is also always the day before the first day of the **Matzot - Feast Of Unleavened Bread**. Because **Pesa** and the second Sabbath of the month are always near the middle of the moon cycle, these appointed times are always associated with a full moon or very near full moon.

6. MATZOT = Appointed meeting time and Set Apart convocation of Unleavened Bread
The date set by the Creator for **Matzot** is the 15th day of the first moon cycle, Abib. **Matzot** always begins on the second 7th Day Sabbath of the first moon cycle of the year. See Leviticus 23:6. **Matzot** is a seven-day festival ending on the twenty-first day of the month, which is a no work day and a set apart gathering to YAHUAH.

7. FF = First-fruits Offering See Leviticus 23:10-11.
The Day of First-fruits always occurs on the first working day of the third week of the first moon cycle. **FF** also always occurs the day after the second 7th Day Sabbath of the first moon cycle. The day of **FF** is the second day of **Matzot**: the 16th day of the 1st moon cycle, and is not a Set-apart gathering. The day of **FF** is the 1st working day of the 3rd week and served as a prophecy for many generations for the children of Yasharal and for all nations of mankind pointing to the precise day of the month and day of the week that Abba YAHUAH would raise to life from the dead His only brought forth Son, YAHUSHA Messiah. ***"But now Messiah has been raised from the dead, and has become the first-fruit of those having fallen asleep."*** 1 Corinthians 15:20. YAHUSHA Messiah rose from the grave by the power of His Father, YAHUAH, on the dawning day of **FF**, the first day of the 3rd week. **FF** is **always** the day after the 2nd Sabbath of the 1st month (first day of **Matzot**).

8. SHABUAT = Festival of Weeks See Exodus 34:22; Leviticus 23:15-16.
The appointed meeting time of Shabuat/Weeks is a one-day Set-apart gathering of believers. The date set by the Creator is determined by counting seven 7th Day Sabbaths, starting with the first Sabbath after the day of **FF**, which is the third 7th Day Sabbath of the first moon cycle. This year 3/30/2027 falls on the first 7th Day Sabbath of the seven-Sabbath count, therefore **1st** is noted on 3/30/2027. After the seventh Sabbath we are to add fifty days according to the Set-apart Scripture: Leviticus 23:16. Therefore 5/15/2027 falls on the first day of the 50-day count, which begins after the 7th Sabbath. The appointed meeting time of **Shabuat** is a Sabbath of thanksgiving for blessings of YAHUAH throughout the growing season, especially the addition of new believers. The growing season is also a prophetic parable representing the time for people to make their calling and election sure and follow the Everlasting Good News of YAHUAH before it is too late. *"The harvest is past, the summer is ended, and we have not been saved!" Jeremiah 8:20*.

9. YUM TARUAH = Appointed meeting time of the memorial of blowing Trumpets
The date set by the Creator is the 1st day of the seventh moon cycle. In the land of Yasharal, during the ministry of the Levitical priest, the priest blew the silver trumpets on the first day of each moon cycle. See Numbers 10:10. However, the first day of the seventh month is set aside as a special appointed meeting time and a set-apart gathering for the followers of YAHUAH. See Leviticus 23:24. The Feast of Trumpets is a prophetic parable calling all mankind to wake up and repent and turn back to YAHUAH, by following the Word of YAHUAH given to the Hebrew prophets through YAHUSHA Messiah. And make preparation for the final hour of judgment is drawing near.

10. YUM KIPPURIM = Day Of Atonement - the tenth day of the seventh moon cycle
The date set by the Creator for the day of atonement is always the 10th day of the seventh moon cycle. The set-apart appointed meeting time and set-apart gathering begins on the ninth day of the seventh month at evening and continues through the night of the ninth calendar day, and throughout the morning of the tenth day. The day of atonement ends with the coming of evening of the tenth day of the seventh month. See Leviticus 16; Leviticus 23:26-32. Yum Kippurim is a most solemn prophetic parable pointing observers to the final generation when YAHUAH will judge the hearts of all the living on earth through YAHUSHA Messiah. See John 5:22 and Acts 17:31.

11. SUKUT = Tabernacles - The appointed meeting time of The Feast Of Tabernacles
The date set by the Creator for the joyous appointed meeting time and set apart gathering of Tabernacles is the 15th day of the seventh moon cycle. Tabernacles is a seven-day festival and always begins on the second 7th Day Sabbath of the seventh month. See Leviticus 23:33-44. According to the Set-apart Scripture, the Feast of Tabernacles must occur in the 7th month, which is the month closest to the fall equinox, also known as the turn or revolution of the year. See Exodus 34:22. The Feast of Sukut serves as a prophetic parable of the time of the great final gathering when YAHUAH will gather all who love His Name and obey His Word into His everlasting kingdom that will be established on earth and will be forever governed in righteousness by YAHUSHA Messiah.

"And perform the Festival of Shabuat for yourself, of the first-fruits of wheat harvest, and the Festival of Ingathering at the turn of the year. Exodus 34:22 ISR

"And a feast of weeks thou dost observe for thyself; first-fruits of wheat-harvest; and the feast of in-gathering, at the revolution of the year." Exodus 34:22 Young's Literal Translation

"--And thou shalt observe the feast of weeks, of the first-fruits of wheat-harvest, and the feast of ingathering at the turn of the year." Exodus 34:22 DARBY

YAHUAH'S instructions for when the Feast of Sukut is to occur is at the time of the fall equinox, which also serves as an anchor point for the month of Abib, the first new moon cycle of the year.

12. YCY7, YCY8...=YAHUAH'S Cycle Year 16, YAHUAH'S Cycle Year 17 etc
YAHUAH'S Cycle is a term used to identify the 19-year repeating cyclic patern ordained by YAHUAH as it relates to the sun moon and stars. Some have called this 19-cycle the Metonic cycle. It is observed that 235 lunar months make up almost exactly 19 solar years. The average lunar month is 29.53 days. That means that 12 lunar months is only approximately 354 days. This is about 11 days short of a solar year (about 365 days). Therefore, every two and a partial year an additional lunation occurs in order to keep up with the score of moon cycles. This phenomenon creates a situation that causes some years to have 13 lunations or 13 months. With the addition of seven lunations every 19 years, the sun and the moon come into harmony again and the 19-year process repeats.

Days in 19 solar years
19 years x 365.24 days = **6939.6 days**

Days of lunar months in 19 solar years
19 years x 12 lunar months + 7 lunar months = 235 months
235 months x 29.53 days = **6939.6 days**

Embolismic years, years containing 13 months, are in bold print and underlined.

YAHUAH'S Cycle Year: 1 2 **3** 4 5 **6** 7 **8** 9 10 **11** 12 13 **14** 15 16 **17** 18 **19**
Twelve moon-cycle years: 1 2 4 5 7 9 10 12 13 15 16 18
Thirteen moon-cycle years: **3 6 8 11 14 17 19**

Truly remarkable! What an amazing Engineer and Designer is YAHUAH! It's like taking two different types of measuring sticks, one type is short and the other long. You discover that when you lay them side by side that a certain number of short measuring sticks

almost makes the length of the long measuring stick and adding one more short measuring stick is too long. The Creator has made the number of days for one lunar cycle like the short measuring stick and the number of days for one solar year like the long measuring stick. Lining up lunar cycles beside solar cycles shows that every 235 lunar months is equal to the same number of days as 19 solar years!

Summary

Amazing! YAHUAH in His marvelous handiwork has created and given mankind steadfast and faithful witnesses in the firmament of the heavens to use in order to accurately and precisely keep track of all of YAHUAH'S appointed meeting times, 7th Day Sabbaths, all days and years. This evidence unequivocally reveals Creator-YAHUAH as the very One that inspired the Hebrew prophets to write the Set-apart Scripture, Genesis to Revelation.

> *He appointed the moon for appointed times: the sun knows his going down.*
> *Psalms 104:19*
>
> *His seed shall endure for ever, and His throne as the sun before Me. It shall be established for ever as the moon, and as a faithful witness in heaven. Selah.*
> *Psalms 89:36-37*
>
> *A faithful witness will not lie: but a false witness will utter lies.*
> *Proverbs 14:5*

YAHUAH appointed the sun, moon, and stars as His steadfast and faithful witnesses, that will not lie. Praise YAHUAH and YAHUSHA forever! We are to use these lights in the heavens as the Creator intended. For anyone of us to neglect their use as YAHUAH ordained, is placing oneself above the instructions and wisdom of the Almighty YAHUAH Alahym! I dare not venture upon that ground! Let us all place our full confidence in the Creator, YAHUAH, and walk humbly and joyfully with His Son YAHUSHA Messiah. Let us show our love to Father YAHUAH by believing and keeping all His commands and instructions through the mighty power of YAHUAH'S Set-apart Spirit given to all who will call upon His Name in truth and sincerity of heart.

Let it not be said of us:

> *O fools, and slow of heart to believe all that the prophets have spoken: Luke 24:25*

But instead let it be said of us:

> *Well done, thou good and faithful servant: thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy Master. Matthew 25:21*

May YAHUAH bless you with His love, peace and wisdom as you continue to study and obey His Set-apart Scripture.

Brother Taiwo
Truth Not Tradition
Conscience Not Custom
And you shall know the Truth and the Truth shall make you free. John 8:32
